

# Our High Performance Terrace Door

9050 Series... Impact or Non Impact Rated

## Available with Panic Hardware

Panic Hardware Inside Handle Standard thumb turn

### We Can Handle It!

Panic hardware on our series 9050 Terrace Door was designed to allow fast and unencumbered exit from a doorway.

Panic hardware is typically found on hallway doors where fire requirements compartmentalize and separate areas to aid in the smoke, fire or heat control of a commercial building, hotel, or hospital.

They are also commonly found on the exit doors of most high traffic or high density buildings such as, Hotel / Resorts , Condos / Apartments or Restaurants .

**Panic hardware is appropriate almost any place where fast evacuation from a building may be the difference between life and death of the occupants (Life Safety)**

Exterior Outside Pull Handle

This is a special order handle... Please contact your WinDoor Customer Service Representative.
