

WinDoor®

HIGH PERFORMANCE DOORS & WINDOWS

HY-VENT Series

Vinyl Window

HY Vent

When it comes to ventilation, consider WinDoor's HY- Vent Window which provide excellent ventilation and is easily to operate. Compare the ventilation to a basic window which slides open allowing air to flow through only half of the area.

The HY - Vent Window allows Maximum Air Circulation from the top of the room which is crucial in high & small spaces.

The Perfect Top Ventilation Window System for Residential or Commercial Projects... Homes - Condos - Schools - Hospitals Apartments - Military.

The HY-Vent Window is hinged on the bottom and open inward from the top allowing fresh-air in when needed.

The Perfect Companion to the...
Series v-100 / v-101 & v-102 Vinyl Tilt & Turn Window Or
Vinyl V-130 Fixed Window Application.
